

Crestron announces launch of India's experience lounge

The adoption of innovating technologies and reinventing the way people live and work is growing at an unprecedented rate, enabling companies and their customers to experience in new ways.

With roots in Home, Commercial & Professional segments, Mahavir Sound Room, takes one step forward by opening its own customer experience center in Hyderabad, the capital and largest city of the southern Indian state of Andhra Pradesh.

Guest of honor Mr. Tony Yeung, Director, Asia Operations, Crestron Asia, will do the ribbon cutting and toasting ceremony. "This elegantly designed and fully functional facility will offer visitors a vivid experience of the latest control and automation system", said Mr. Tony. "This marks an open invitation to everyone to come and use this beautiful, functional space where you can see and demonstrate Crestron technology in real-life settings. Hearing and reading about Crestron solutions is cool, but nothing beats experiencing it for yourself", he added.
